A MAN CAN'T

swim in shackles. It isn't a question of his winning a race, but a question of being able only to keep afloat. The man who is suffering from malnutrition is like the fettered swimmer. His stomach and its allied organs of digestion and nutrition are diseased. It is not a question with him of winning in the race for business but of simply keeping up under any circumstances.

Whenever disease affects the stomach it is affecting also the blood and the health of every organ of the body. For blood is only food converted into nutrition and nutrition is the life of the body and every organ of it.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and enables the perfect nutrition of the body which means perfect health.

"For six long years I suffered with indigestion and my liver and kidneys, which baffled the best doctors in our country," writes E. L. Russell, Esq., of Woolsey, Prince William Co., Va. "I suffered with my stomach and back for long time, and after taking a 'cart-load' of medicine from three doctors I grew so bad I could hardly do a day's work. I would have death-like pains in the side, and blind spells. I began taking Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' Before I had taken half of the second bottle I began to feel relieved. I got six more bottles and used them, and am happy to say I owe my life to Dr. Pierce."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

The Common Sense Medical Adviser, 3200 large pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

UNUSUAL WEATHER.

VALLEY VIEW, TEXAS, July 10.—

The oldest inhabitant never saw any thing to compare with the weather for the month of June and up to this time of July. It has been entirely out of the ordinary and altogether very disagreeable. In fact it has been so unusual that old timers discuss it freely, and point out its distinguishing features. In the first place, some of the hottest days ever known to the month are on record, then comes the high winds that have blown almost constantly day and night and part of the time they were scorching hot. The corn crop was cooked to ruin by them and grass made as dry as a powder horn. In the meantime no rain of consequence has fallen and the ground is dry to an unprecedented depth. The wind has been so strong that threshers were unable to make progress, it being impossible to handle the wheat, which was very light any way.

Another unusual feature which the old settlers point out is that three days of wind always brought rain; but no such good fortune has followed 35 or 40 days of wind. Day and night the wind moans. It is blow without end and there is no escape from it. Everything is burned up but cotton. Wheat and oats were nearly a failure. While these facts exist, the cotton crop is holding its own. With a rain in the next few days it will pull through.

Notwithstanding these misfortunes our town is improving. September 1st will find Wheat & Page, dealers in dry goods, in a new brick house, 25x90 feet, with plate glass front; W. E. Huston, dealer in drugs and groceries in his new brick of the same description. R. P. Head & Son, bankers, will be in their new building, 25x45 feet, soon; and still the winds howl and the dust covers everything.

Valley View is to have a new \$8,000 brick school house at once. The brick work for the above named business houses is completed and the carpenters are now on the wood work.

This is a country on wheels, or a people traveling over the country on wheels. Covered wagons are passing through our town every day. Nothing uncommon for 10 or 12 to be seen in one day. Some of them have different things printed on the wagon covers, but here is the richest one I have seen. "We are going back to my wife's relation; damn Kansas and all creation."

With all the hot winds and no rain and a crop failure, I must say Texas is a grand State. Drouths are liable to visit any State. I would like to be in Kentucky awhile for two reasons; first, to be with my people and old friends, and second, to work in the campaign for Judge M. C. Sanford for re-election, and W. P. Walton for railroad commissioner. I love a political fight.

MC WHEAT.

REPULSIVE FEATURES.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c, at Penny's Drug Store.

A CURE FOR SUMMER COMPLAINT.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by Craig & Hocker, Druggists.

The worst coal strike! the worst freight handlers' strike! the worst pants-makers' strike! etc., yet the best administration we ever had! These superlatives are comparatively inconsistent.—Paducah Democrat.

A company at Lancaster has been organized to bore for water. This, we suppose, is a negative proposition. So many companies have bored for oil and got water that it is a bright scheme to bore for water in the expectation of getting oil.—Cynthiana Democrat.

J. F. Witherspoon, a Mercer county farmer, has filed a petition in bankruptcy in the United States court at Frankfort. He resides on a splendid bluegrass farm, "Bon Aqua," four miles distant, and was thought to be in good financial circumstances. His liabilities are about \$24,000.

W. T. Moore, of Parksville, was driving a team when he dropped one of the lines. He walked out on the wagon tongue to recover it, when the horses ran, throwing him head downward with his feet caught in the doubletree. In this position he was dragged nearly half a mile and is in a serious condition.

Mr. James Houk, Sr., aged 81, died Wednesday morning. He had been very feeble for several years, but had only been confined to his bed for about three weeks. Short services conducted by the Rev. J. C. Carmical were held at the Christian church, after which the remains were taken to the Maresburg burying ground and laid to rest. He leaves a wife and three children, Mesdames Joe Purcell and Nannie C. Albright, of this county, and L. T. Houk, of Jamestown, Ind.—Mt. Vernon Signal.

It is said that the voters of the Somerset district will hear to no refusal of Judge Thomas Z. Morrow to again serve them as circuit judge. The judge is not as young as he used to be and having led a strenuous life of usefulness, has earned a rest, but he is too good a man and too capable a judge to be let off yet. Honest, fair and upright, he is particularly fitted in temperament for the bench, while his high legal knowledge eminently qualifies him for it, and death alone should be permitted to retire him.—Lexington Democrat.

These Tablets not only correct disorders of the stomach but regulate the liver and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

H. H. HENNINGER

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

ROBERT HARDING,

of Danville, is a candidate for Circuit Judge, subject to the action of the Democratic party.

For Congress,

G. G. GILBERT

Of Shelby.

A SNEAKING effort is being made by its enemies to wreck the Lexington Democrat and embarrass its editor, Mr. W. P. Walton, but such underhanded work will only serve to help the paper and command greater respect for the gentleman who is piloting its destiny. Mr. Walton owns nearly four-fifths of the stock in the paper and desiring to be either sole proprietor or dispose of his holdings he called a meeting of the stockholders and it was agreed at that meeting that the paper be sold at auction next Thursday, 17th. In the mean time some fellows who had gotten hold of a few shares very suddenly decided that they wanted the paper thrown into the hands of a receiver and in their petition for it made some false and ridiculously silly charges against Mr. Walton, who very promptly branded the charges as lies and those who made them as liars. The editor will fight the suit for a receiver to a bitter end and believing in the justice of Kentucky courts, we have no fear of the result. Ever since Mr. Walton began his fight against the thieving investment companies and later incurred the enmity of Mayor Duncan and his underlings there has been a persistent effort to persecute him, but up to the hour of going to press he was still on top with excellent chances of holding the lofty position.

SENATOR VEST is quoted as saying that from a party standpoint it is not desirable for the democrats to control the next House of Representatives. "They could accomplish nothing," he says, "except in a negative way, and if the inevitable business reaction should come next year, as is not unlikely, the democrats would be blamed for it." There is something in that, but the best plan is to always give 'em the best in the shop and trust to luck for the hereafter.

FROM the time whereof the memory of man runneth not to the contrary, the world has been informed by joke and jest and otherwise that the mother-in-law is the bane of marital existence. Henry Emerson of Louisville, hasn't found it so, however. On the contrary quite the reverse. His young and pretty wife accuses him of loving her mother more than he does her and has had them both arrested. Henry is a freak and ought to be in a museum.

ACCORDING to an estimate of the Red Cross Identity Depot, which served as a casualty bureau for the Boer forces, the Boer losses during the war were 3,700 men killed or died of wounds and 32,000 made prisoners, of whom 700 died. The Boer forces in the field numbered about 75,000. The Boer government's official papers have been turned over to the British, giving a complete history of Mr. Kruger's relations with foreign powers.

AN idiot way down east wrote to a New York paper and inquired where Kentuckians secured the rooster feathers that they put in their cocktails, and the wise man of the paper answered by saying that they came from the same country where they dig for white rock with which to make high balls for down east consumption.

THE Hon. D. G. Linn has been nominated for Congress in Kentucky. This is indeed a sad blow, observes the Chicago Tribune. After a man has served one term in Congress it seems that he should not be so entirely unknown to fame as to have his name twisted in that shape. The Hon. D. Linn Gooch should send his card to the Chicago publication.

THE Danville Courier speaks of Hon. Robert Harding as a candidate for circuit judge in the "18th" district. That suits us exactly. We are for him in the "18th" over anybody that has announced or may do so, but in the 13th we are for Judge Micah Chrisman Sauley, first, last and all the time and we've money to say he'll win.

OUR brother, Mr. W. P. Walton, of the Lexington Democrat, is having honors showered upon him. Gov. Beckham has just made him a delegate to the National Prison Association to be held in September, 13 to 17.

THE mortuary returns from the "glorious fourth" continue to come in. It is not improbable that in the last 125 years more lives have been lost in celebrating our independence than were sacrificed in gaining it.

Senator Carmack will edit the democratic campaign literature.

Representative Richardson, minority leader in the House, characterizes as "ridiculous and ludicrous" the president's action in waiting until the adjournment of Congress to launch his anti-trust campaign.

There was an exciting war of words, including some intimations of a future meeting, between Congressman Latimer and former Gov. Evans, candidates for United States Senator, at a campaign meeting in Charleston, S. C. A personal encounter was prevented by the interference of the sheriff.

Chairman Griggs, of the Democratic Congressional Committee, announces that he has made ineffectual efforts to secure the special foreign discount sheets of several of the great business houses of the United States, believing they would make excellent campaign documents for the democrats, showing that trust-made goods are sold cheaper abroad than in this country.

The card of Judge M. C. Sauley announcing himself a candidate for the democratic nomination for judge of this district appeared in our last issue. We can say nothing but what every voter in the district already knows as well, that Judge Sauley has made a faithful, honest and upright judge, and his ability as a lawyer and jurist is unsurpassed by any one in the famous 13th district.—Harrodsburg Democrat.

LIBERTY.

Quite a crowd of young people from this place attended the picnic at Middleburg.

Bro. Godbey, of Middleburg, preached two able sermons at the Christian church Sunday morning and evening. Mrs. Dr. Ellis and daughter, of Owensboro, returned to their home last Wednesday after a pleasant visit with relatives here.

Prof. Roark, of State College, Lexington, will conduct the teachers institute here, which began the 14th. Mr. Booker Wilkinson and family, of Stanford, are the guests of Mr. and Mrs. John Moore. Misses Alice and Edna White and Jennie Hubble, of Turnersville, returned home Wednesday after a pleasant visit to friends here.

Miss Julia Staggs has returned from an extended visit at Hustonville. Miss Amanda Stone and James Cowden are visiting friends at Columbia. Miss Lizzie Phillips was visiting her aunt, Mrs. Wm. Myers, at Hustonville last week. Messrs. Pat Whipp and Charles Montgomery visited the widows and orphans at Jamestown and Russell Springs Saturday and Sunday.

Judge M. C. Sauley has announced his candidacy to succeed himself as judge of the 13th judicial district, composed of Boyle, Lincoln, Garrard and Mercer counties. If there was ever a born judge or one who filled the Blackstone idea, to a tee, it is Mike Sauley, of Stanford. Jack Bosley sized up the case exactly when insisting upon being relieved of service in a legal contest between two personal friends. Judge Sauley declined to excuse him on such grounds, urging that he had as much right as judge to be excused under such circumstances as a juror had, and quite as much desire. "The case is very different," said Bosley, "just as good a jurymen as I am can be picked up anywhere, but where, oh, where can we find such a judge as you are, Sauley?"—Somerset Journal.

CHURCH MATTERS.

The Rev. H. H. Hibbs, of Williamsburg Institute, has raised the \$20,000 necessary to secure a gift of \$7,500 offered by Mr. Rockefeller.

The preacher who seeks a little notoriety by preaching in a shirt waist, was slow in making his appearance this year. He turned up last Sunday at Newark, O.

Don't want to be no angel,
With wings, an' other trimmin';
Ruther have a holiday,
Fishin', or a swimmin'!

Ruther be off yonder,
Singin' in the sun—
Don't want to be no angel
Till I can't help bein' one!
—Atlanta Constitution.

From different sources it crops out that Editor Walton had a new hat under his arm when he got into the late scrap with Breckinridge; that the possession of a new pair of shoes caused him to fall down on the highly-polished steps at his Broadway mansion. The Glasgow Times says truly that a country man always comes to grief when he moves to the city and tries to put on airs.—Somerset Journal.

CURES SCIATICA.

Rev. W. L. Rice, L. L. D., Cuba, New York, writes: "After 15 days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment, the first application giving my first relief, and the second, entire relief. I can give it unqualified recommendation. 25c, 50c and \$1 at Penny's Drug Store."

TIMBER LAND FOR SALE.

In order to settle the partnership business of John Bonta, Jr., and J. C. Coulter, Mr. Bonta having died last December, we will sell 2,700 acres of timberland in Adair county, Ky. This land contains between 4,000,000 and 5,000,000 feet of Poplar, Oak, Walnut, Chestnut and Hickory timber. This tract of land is close to the famous oil fields of Wayne county and is exceedingly well adapted for agricultural purposes. All of the land is in one body and it is a bargain for some one. For particulars apply to J. C. COULTER, Middleburg, Ky., or to E. M. Hardin, Harrodsburg, or Oscar Bonta, Faulkner, Ky.

NOTICE.

The citizens of Stanford and vicinity may well congratulate themselves on having at their call the handsomely and intensely bred milk and butter bull, Peter Cooper's Pedro, 2d, 5727, by Peter Cooper's Pedro, 5532A, A. J. C. C., who was sired by the great Pedro, a \$10,000 bull and champion winner at the World's Fair. His dam is Pedro's Kentucky Girl, 125874, with a better record of 17 lbs. and 8 oz. in 7 days, and winner in the show rings. Her sire is Pedro Royal Marjoran, 25560, a son of Pedro's Pretty Belle, 8543, by Pedro of Linden, 26105, by Pedro, out of Klotter's Pretty Pearl, 5727, by Prospect's Rinty, 9180, out of Lorne's Pretty Pearl, 46,683. Every dam in his pedigree, for sixteen generations, has a recorded butter test. Peter Cooper's Pedro 2d was purchased at a long price for cash; therefore I must have cash for his services, which I have placed at the insignificant sum of \$5, with return privileges. He may be found in paddock at Dr. Bailey's farm, in the town limits. Address Walker B. McKinney, Stanford, Ky.

FIELDS SALTER, Tom Greenleaf and Stark Fish, all colored, were fined \$7 each in Judge Carson's court Saturday for shooting craps.

REMEMBER the contest at Alcorn's Opera House, Hustonville, second night of fair. Write to W. C. Greenleaf for particulars.

THE L. & N. has made a rate of one fare, \$1.05, for the round-trip from Stanford to Richmond this week on account of Richmond Elks fair.

R. M. JACKSON, of London, will send down a string of trotters, pacers and runners. A number of Tennessee horsemen will bring up good ones to the Crab Orchard Fair.

A VOTE will be taken by the stockholders of the National Bank of Hustonville on Oct. 1 for the purpose of reducing the number of directors of that institution from nine to seven.

THE Lincoln County Telephone Co. has strung its wires between Stanford and Lancaster and the line is ready for talking. The office for the present will be at I. M. Bruce's stable on Depot Street.

"JONESES."—There are six families of Jones' living in or near town and if we are not badly mistaken none of them are related. They are Dr. R. A. Jones, Messrs. John P. Jones, James T. Jones, Josh Jones, Cyrus M. Jones and Marshal R. G. Jones.

ONE CENT AND COSTS.—Mrs. Martha Hoffman was fined one cent and costs in Judge Bailey's court Saturday for striking Mrs. Hugo Schmidt with a fence rail. They both live near Highland and their trouble arose over the ownership of a stack of straw.

THE space in the Crab Orchard and Hustonville Fair DAILY INTERIOR JOURNAL is going like hot cakes and those desiring space should see the managers at this office at once if they want any. Remember the Crab Orchard Fair begins tomorrow week, 23rd.

COLORED FAIR.—Stanford will have a fair at last. The colored people of Lincoln and Garrard will go in together and have a crackerjack about the second week in August. Wm. Jones, of Stanford, has been chosen president, Wm. Harris, Lancaster, Sec'y., Frazee Owens, Lancaster, treasurer.

THE Central Kentucky Fair Association announces four baby rings to be exhibited the first day of the fair this year. Seems to us it would have been wiser to have had the baby rings on the afternoon of the last day or not at all. Baby rings are a nuisance and especially to those mothers whose offsprings do not wear the blue.

THE U. B. F. and S. M. T. picnic in J. S. Hooker's Woodland on the cut off pike Friday was a success in every way and \$40 or more was cleared. The first base ball nine defeated the second nine; there were baby rack games on the grounds and refreshments in abundance were served. Splendid order was preserved the entire day. The Renetown band discoursed good music.

CARTER.—Robert Carter, aged about 35, died Friday and was buried in the cemetery at Green River church, Yosemite, Saturday. He was working in Wayne county when he was taken with cerebro-spinal meningitis and he never rallied. Mr. Carter was a clever, hard-working man and will be missed by his many friends and relatives in Casey.

NEW wash goods. Severance & Sons.

HUSTONVILLE FAIR July 30, 31 and Aug. 1.

Go to Mrs. Cleo Brown's where you can get your Summer millinery at cost.

THE Beaver Creek Oil & Gas Co. are putting pumps in their wells and will begin pumping in a few days.

THERE are a dozen regular boarders at that excellent hotel—Beazley House, Crab Orchard—and more are coming in daily.

LADIES.—Remember on Monday and Tuesday, July 21st and 22d, I will show a beautiful line of Duck, Linen and Felt Outing hats. Mrs. Cleo Brown.

THE amphitheatre on the Crab Orchard fair grounds is 200 feet long, 35 feet wide and contains 55,000 feet of lumber. It cost about \$750 and is a crackerjack.

SALE.—J. H. Thompson advertises elsewhere his desirable farm near Sweeney for sale. It contains 121+ acres, is well watered and is in a fine state of cultivation. See "ad."

If your name appears in a portion of the delinquent list printed this issue you will have good reason to take issue with Byron, who said, "It is pleasant sure to see one's name in print."

THE Maabees of Waynesburg will have a two days' picnic about the middle of August, when a big time may be expected. The proceeds of it will go to the payment of the debt incurred in building the splendid hall.

NEW POSTAL CARD.—Postmaster Florence has received a lot of the new postal cards, which have on them a splendid picture of President McKinley. An eagle, bearing the stars and stripes, also appear on them.

ELOPED.—Miss Bertie Gooch, the pretty daughter of Mr. and Mrs. J. B. Gooch, of this place, and Elmer Gilliam, of Eubanks, eloped to Jellico and were made one. They left under the pretense of going to visit a relative of the bride.

NOTICE.—It has been the aim of the Central Ky. Real Estate Exchange to secure options on that class of property where the owner is exceedingly anxious to sell or is forced to sell and thereby secure a low price on same and hold out some inducement to buyers. Read their list carefully and see the bargains offered.

STRACH.—James Carter Straub, 24 months old son of Mr. and Mrs. Peter Straub, Jr., died Sunday morning of cholera infantum after an illness of several days and was buried in Buffalo Cemetery yesterday morning after services at the grave by Rev. W. E. Arnold. We sympathize with the bereaved parents in the loss of their little son.

THE Middlesboro News says that Prof. J. B. Taylor having resigned the principalship of the city school there, Prof. M. O. Winfrey, of Stanford, was elected in his stead by the board of education of Middlesboro. Prof. Winfrey handed in his resignation as principal of the graded school here some days ago, but we had not heard that it had been accepted. He has been exceedingly successful with his school here and has made many friends who will give him and his wife up with much regret.

LINCOLN DEMOCRAT SOLD.—The Lincoln Democrat was sold by a decree of court yesterday to satisfy a debt of a little over \$1,300 due Mrs. Nora Murphy Goodnight. Mr. John Pearl, of London, got it at \$1,012.25. He is undecided as to the future of the plant but it is possible that he may run a paper here. In the event he does, we predict he will do well, as he is a newspaper man of experience and a gentleman to the core. We do not know of a gentleman whom we would more gladly welcome as a competitor.

THE Hustonville Fair catalogue was ready for distribution Saturday and it would have been out Thursday had not some of the advertisers been slow about sending in their copy. The catalogue contains 56 pages, there are 2,000 of them and the order for printing them was received Saturday, 5th. The work was virtually done in four days without additional help and in the mean time an edition of the INTERIOR JOURNAL was gotten out and lots of job work disposed of. This is the place to get good work quickly at very low figures.

An immense crowd attended the burial of Mrs. Martha Paxton Friday afternoon and the services at the grave by Revs. S. M. Rankin and A. S. Moffet were most appropriate. The latter's remarks were very touching and there was scarcely a dry eye at his conclusion. Mr. Moffet had known Mrs. Paxton for many years and few were more thoroughly acquainted with her spotless life than he. The good woman had been a partial mother to one of his children and he had never forgotten her tender ministrations to his offspring. Truly a better woman than Mrs. Paxton never lived and her place in Stanford will be an exceedingly hard one to fill.

OUR 25c Lisle Lace Hose are genuine bargains and going fast. Try them. John P. Jones.

MURPHY.—W. T. Murphy, aged 75, died near Kingsville Sunday and was buried in the Gooch graveyard yesterday. Mr. Murphy's wife died a number of years ago, but he leaves several grown children to mourn the loss of a good father.

YOUR attention is called to my complete stock of fancy groceries, fruits, candies, cakes, fresh vegetables, etc. Delightful soda water and ice cream at all hours. Give me a portion of your trade. T. Chenaunt Willis, successor to E. L. Reinhardt.

THE Basile Telephone Co. has bought the J. S. Van Winkle Telephone lines in Boyle county. This gives that company an exchange at Danville and also enables the Lincoln County Telephone Company patrons, of this place, to talk to that city.

In the county court yesterday W. M. Murphy was appointed constable of the Waynesburg district in the place of J. T. Brown, resigned; a site for a schoolhouse in district No. 57 was granted; some road business was disposed of and the court adjourned until the next regular session.

DENNY.—Mrs. A. R. Denny, who was a sister of Hon. G. A. Lackey, of this place, and a most excellent woman, died at her home in Garrard last night at 8:30. Paralysis was her trouble and she was fully prepared for the end. Besides the husband, Cabbell Denny and his widowed sister, Mrs. Duncan, survive. The burial will occur in Lancaster cemetery to-morrow after services at the grave by Rev. Chumley beginning at 10 o'clock.

LEVY.—Mr. S. B. Levy, of the Grand Leader, received a telegram yesterday telling of the death of his father, Mr. Herman Levy, at Sioux City, Iowa. A complication of troubles, together with old age, caused his demise. Mr. Levy was the father of 11 living children and besides them a widow is left to keenly feel the loss of him. Mrs. J. Abrams, of this place, left Sunday for her father's bedside but did not reach it in time to see him alive. The burial occurs today.

THE Courier Journal of Sunday contained the following in its Crab Orchard Springs column: The guests were entertained Friday night with the first German of the season under the auspices of Prof. Alan Mueller, master of ceremonies. It was so successful and enjoyable that another will be given Wednesday next. Gus Wherley's Louisville band will furnish the music during the last weeks of July and first of August. An elocutionary contest for young women of the State will be held in August, followed by a grand ball. Prizes of three weeks' board at the Springs will be awarded. A bathing pier has been erected on the lake and that pleasure has been added to the attractions peculiar to Crab Orchard.

Gentry Bros made a little the rise of 23 bushels per acre on 150 acres of wheat. D. N. Prewitt has bought three crops of shelled oats for 40c.—Advocate.

White Bronze is to stone in the monument business what the improved drop-head sewing machine is to the old hand method, or the palace car is to the old stage coach. It is the advanced thought of the age. It is indestructible and will perpetuate the records and resting place of your loved ones. It is very beautiful with a frosted silver appearance.
